Pile Driving Program Update

April 4, 2022

Mission Rock will soon break ground on Block F, the second residential building of the project. The pile driving program is scheduled to resume on Monday, April 11, 2022.

Pile driving will occur on weekdays between approximately 8 a.m. and 5 p.m., excluding holidays. Scheduling exceptions may be considered in case of major weather events or other extraordinary circumstances that prevent pile driving from proceeding.

A noise and vibration consultant works with the construction team to help monitor and mitigate impacts, and the project team will continue to work closely with neighbors and stakeholders.
