## Third Street Sidewalk Closure

October 14, 2022

Starting as early as October 24, 2022 until approximately mid-February 2023, construction work on the eastern side of Third Street will take place to construct the hardscape at Blocks A and B. This requires the closure of the eastern sidewalk between Channel Street and the Third Street Bridge. Pedestrians will be rerouted to the west side of Third Street.

Thank you for your patience and understanding as we work together to make Mission Rock.
